CLASS 20. UNIT 5.

STUDYING SOFTWARE DEVELOPMENT

- "Are you interested in studying software development? Let's dive into the world of coding.
- What about starting with programming fundamentals? You could learn languages like Python, Java, or JavaScript.
- You should focus on building a strong foundation in data structures and algorithms. It's essential for any software developer.
- Let's explore the various specializations within software development. What about mobile app development, artificial intelligence, or cybersecurity?
- You could specialize in full-stack development, working on both front-end and back-end development.
- Let's discuss the importance of staying updated with industry trends. You should follow tech blogs and attend conferences.

✓ **Let's (suggestion, invitation)**
✓ **What about? (suggestion, inquiry)**
✓ **Should (advice, recommendation)**
✓ **Could (possibility, ability)**
